BRIEF

Cim conscious of the need of educating the young people of Mauritius of the importance of educating youth and young adults on how to manage their money in a responsible way has requested JAM to set up these interactive talks.

Whatever the amount of money you have in hand, be it big or small it is vital that this income be monitored closely so as to take it the longest way possible.

The interactive talk is about 90 minutes and the topics covered are:

- What is money?
- Prioritising expenses
- SMART Consumer
- Budget
- Types of credit
- When and what to buy on cash and/or credit
- Advantages & disadvantages of buying on credit
• Dangers of guaranteeing third parties
• Understanding personal indebtedness
• Risks and Insurances
• Wealth Building

The talk is delivered by JA Mascareignes Staff.
