VIVO ENERGY YOUTH DAY

Vivo Energy Youth Day 2017, sponsored by Vivo Energy Mauritius, Shell Licensee was held on Tuesday, 14th March 2017 at l'Institut Français de Maurice. Sixty Seven participants from 10 different institutions took part in this event.

The main themes of the event were: sources of energy, entrepreneurship and work readiness .

The event provided a platform to the young adults to develop various skills and become aware of the socioeconomic environment in which they live and function.

The participants were organised in different teams and had to propose a project based on a particular source of renewable energy, this within a limited time frame. They learned to work in groups, to develop creative thinking and problem solving skills.

We were honoured by the presence of Mrs. Belinda Ramtohul, Communications Manager Vivo Energy Mauritius and her colleague Mrs. Nadine Desperles, who volunteered to act as motivators and provided support to the participants.

JA ©Notre Quartier in the Community

Fraternité Nord Sud

Twenty students of the ANFEN School Fraternité Nord Sud were awarded a Certificate of Achievement after successfully completing the JA Notre Quartier Program. During the 5 one hour sessions, of the Junior Achievement Mascareignes' program, the students went through the different job and business opportunities which are present in a typical Mauritian Quartier. The goal being to make the young Mauritian become aware of the economic environment in which they are growing and learning, and to help them find their place in it in the future. For Nigela Tamby, Director of Fraternité Nord Sud, "the students found the program very interesting" "It helped them to understand the daily routine of life , its challenges and how our society operates"

- Nigela Tamby

Director of Fraternité Nord Sud

"Travailler avec les enfants du Fraternité Nord-Sud a été un très grand plaisir pour moi. Les élèves étaient bien attentifs durant les sessions et ils ont donné le meilleur d'eux mêmes. Ils étaient bien motivés et durant chaque session on pouvait observer l'intérêt intense qu'ils y portaient. Je suis fière de leur participation et aussi de ce qu'ils ont pu retenir de ses sessions si enrichissantes. Merci."

JA More Than Money™

Association Jeunes Inadaptés de Curepipe

JA More than money has been implemented during the second semester at Association Jeunes Inadaptés de Curepipe. The “Association Jeunes Inadaptés de Curepipe” is a day care center and school, for physically and mentally handicapped children established since 2011.

“JA More Than Money has been beneficial for the children. They have understood the importance of money, how to make a deposit and a withdrawal. They have also learnt how to become an entrepreneur and develop a business plan”

- Mootooveeren Anais, Teacher at AJIC

“The program JA More Than Money has enabled the children to recognize that their handicap is not a barrier preventing them from having a bank account and creating a business”

- Chiffonne Aurelie, Teacher at AJIC

JA Economics for Success™

Professor Hassan Raffa SSS

“The JA Economics for Success program has been going on well. There was a positive response on the part of the students. Students seemed particularly interested in the game board and the occupation cards. I believe that it was instructive for our students. They had a glimpse of the real world and understood that there is not always enough money to buy everything one wishes to acquire. In view of financial constraints one has to make choices between needs and wants. It was also beneficial for students to understand the various stages in their lives: being a student and entering the world of work after completing their studies. I wish to thank the organization for giving my students the chance to participate in this program and I wish JA Mascareignes every success in its future endeavors.”

JA Leadership Talk

“A leader is one who knows the way, goes the way and shows the way.” -- John C. Maxwell

The JA Leadership Talk was developed by JA Mascareignes and was implemented on a pilot basis with the beneficiaries of T1 Diams. The talk was held on Saturday 26th February 2017 at Flic en Flac Youth Centre. Around 15 young adults participated in the JA Leadership Talk.

The JA leadership talk is committed to prepare the emerging generations for real life opportunities and challenges. The program is specifically designed to promote self-understanding, development of personal leadership philosophy, skills and competences and the ability to view oneself as a future leader in the larger community.

NGO EXHIBITION

The NGO Exhibition was organized at the University of Technology, Mauritius in collaboration with MACOSS on 19th April 2017. Fifty Five students registered to volunteer for JA Mascareignes.
