JA Mini Company Program is a minimum 11 weeks program where students of Grade 12 (formerly Lower Six) learn about entrepreneurship, through hands-on activities of starting, managing, and liquidating a business. Young people participating in this program use innovative thinking to learn and explore business and corporate career aspirations. An average of 24 – 45 hours of hands-on business development experiences are involved in the program. Teams are guided by a Mentor/Volunteer and/or their teacher over a period of 11 weeks.

JA Mini Company Mauritius Competition 2017

At the end of the program, each team submits its liquidation report and a sample of its product and/or description of its service. Based on pre-set criteria, 5 teams composed of 5 members are selected for the JA Mini Company Mauritius Competition final. During the final, the teams have to do a 5mins PowerPoint Presentation followed by Questions and Answers from a panel of independent Judges coming from the business world. The winning team of the local competition accompanied by its mentor represents Mauritius at the JA Africa Regional Company of the Year Competition which will be held in Johannesburg, South Africa, from the 6th to 8th December.

JA Mascareignes thanks the Management of Kendra Shopping Mall, St Pierre to have generously accommodated all the teams of JA Mini Company 2017 for the expo vente.
