

ABOUT US

Junior Achievement Mascareignes was founded in 1919 in the United States and implemented its actions in Mauritius on 29th December 2009. We educate and inspire our young population to develop entrepreneurial and life skills through our JA Programs. Our vision is to inspire and prepare our young people to succeed in a Global Economy in constant mutation. We aim to create awareness amongst our youth of the conditions necessary for social and economic development and inculcate in them the skills and virtues of Entrepreneurship, Work Readiness, and Financial Literacy.

- Mr. Joey Roussety (Mentor Rodrigues College)

VIVO ENERGY YOUTH DAY

Vivo Energy Youth Day, sponsored by Vivo Energy Mauritius, was organised by Junior Achievement Mascareignes on Friday 29th July 2016 at Alliance Française, Bell Village, Port Louis. 70 participants from 10 different institutions participated in the event. Vivo Energy Youth Day programme aimed at preparing young adults to compete successfully for employment opportunities available in the labour market. This event, which served as a vehicle to bridge the gap between life as a student and the responsibilities of the job market. The event, which saw the contribution of Vivo Energy Mauritius volunteers, addressed primary areas of work readiness, employability skills and attitude management.

"The Vivo Energy Youth Day, was an amazing experience. I learnt many great things which will be very useful for me in the future. I also made many new friends, with the youngsters from other schools. The animators, from Vivo Energy Mauritius and JA Mascareignes, were very nice. This is something which I would encouraged my friends to participate in the future."

- Maeva Raboute (Loreto College Bambous Virieux)

JA JOB SHADOW 2016

JA Job Shadow was held on the 11th August 2016. 38 Students took part in the event

Firstly I'd like to thank JA Mascareignes' wonderful team. They are great people who are friendly, understanding and who really excel at their job of introducing young people to the world of work.

Since having attended the 1st session of JA Success Skills, I was really looking forward to the Job Shadow day. It started by the Barclays team introducing us to their company principles and policies, advising us on health and safety regulations, then representatives from each department came to fetch us in groups.

I went in the Procurement/Sourcing department. There my job shadow guide explained the whole banking concept to me and my partner and also his daily job of buying supplies.

I had business knowledge from school but to be able to put it into practice was just great

As I listened to my facilitator, I became fascinated to learn so many interesting concepts and it was a really fruitful experience that changed my views and ambitions. It was all the more fun to be around people of my age, to work in teams, to visit an establishment like the Barclays and even to have the director giving a live speech to us!

It will remain an unforgettable experience for me.

JA PROGRAMS

JA Economics for Success™

Ebène Boys SSS

“JA Economics for Success has proved to be very helpful for the 50 Students who embarked upon this journey. They have been able to understand the concept of choosing a job, earning a salary, thinking about expenses and gauging the risks in their daily livelihood. Thanks to JA Mascareignes, they have been made aware of such facets of life at an early age .

- Mr Deepak Maunthrooa (Teacher)

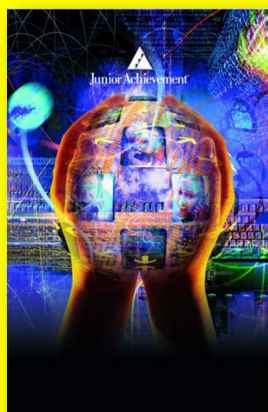

JAM Managing Your Money Smartly

Ecole Familiale de L'Ouest

“JA Managing Your Money Smartly was a very interesting talk. It taught me how to I should manage my finances. I wanted to buy clothing, the program helped me to budget my spending so as to save enough money to buy it. I have also been talking to my mother about the importance of making a budget for our expenditures at home.

JA CAREER SUCCESS AT MFR SAVANNE

During the third semester of 2016, JA Career Success was implemented at the Maison Familiale Rurale de la Savanne.

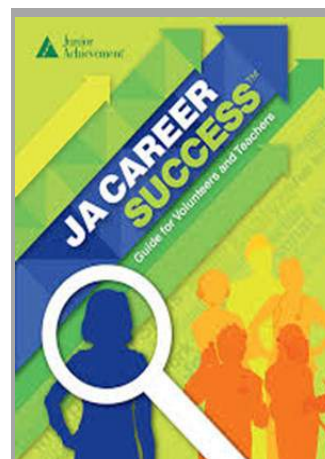

Our institution located at Souillac is a professional training institution providing alternate education and training, to improve the students' employability and thereby foster sustainable development within our community.

Being a training institute that recruits school drop-out, doing all these sessions in English was quite difficult, but with some patience and translation all our students had whole heartedly attended and enjoyed this entire program.

It was also a great pleasure to cooperate with the 2 JA Mascareignes Staffs, Taneesha and Jessica. They really helped us in the implantation of the program. They had come to help us for some sessions. They were greatly appreciated by all our staffs and students.

JA Career Success has greatly helped increase the self-assurance of all our students. They are now more confident about their future career, dealing with a working environment and job interviews. All the staffs and students of the MFR de la Savanne would like to thank the entire team of Junior Achievement for giving us all the tools and materials to achieve in a career.

- Rachelle Raphaël
Educator

Main Objective:
JA Career Success™ equips participants with the tools and skills required to earn and keep a job in high-growth career industries.

Number of Sessions:
Seven

16-25 Years Old

JA MASCAREIGNES' NEW RECRUITS

With a personal vision to share my experiences and know-how and to reach out to pass something useful on to the next generation, I chose to join Junior Achievement Mascareignes (JAM) some months back.

Today, I consider myself to be privileged to be part of a team that reaches out to empower the younger generation and relates to Helen Keller's quote *'The welfare of each is bound up in the welfare of all'* by catering for the wellbeing of its staffs. This undoubtedly reinforces a healthy working environment, team spirit and my willingness to stay on board of this wonderful venture.

Working at JAM gives the feeling of being on a 'roller coaster ride' to ensure fairness, effectiveness and efficiency of all our programs. Observing, learning, developing, designing, planning and implementing our current and oncoming programs and strategies are yet the challenges of everyday life within our organisation

I take immense pride in and of Junior Achievement Mascareignes.

Reena Rampadaruth
Program Manager

Nothing beats the feeling of being continuously challenged yet still feel satisfied doing the job. I have been working at Junior Achievement Mascareignes for a relatively short period of time yet this have been 6 months of learning, sharing experiences and most important feeling that it's just the start. Junior Achievement Mascareignes has given me a lot of satisfaction and determination to grow and eventually to strive towards its goals – that is to empower our young generations. What makes Junior Achievement Mascareignes stand out is that every single employee has a stake in the organization's success. We are a team driven and we operate in a way that puts collective goals ahead of individual glory. We love what we do and it shows in the strong relationships that we have built with our beneficiaries.

It is a pleasure to be part of this vibrant JA Mascareignes team.
